Job Description

EZ GROW FARMS IS LOOKING FOR A HEAD GROWER FOR OUR NEW STATE-OF-THE-ART STRAWBERRY PROPAGATION GREENHOUSE. THE HEAD GROWER WILL ASSIST IN DAILY OPERATIONS AND ALL ASPECTS OF PLANNING, EXECUTION, AND MANAGEMENT; OVERSEE AND MANAGE GROW AND HARVEST PERSONNEL. A WILLINGNESS TO LEARN, RESEARCH, AND WORK AUTONOMOUSLY IS A MUST.

ROLE AND RESPONSIBILITIES

- Ensure that all functions of your job are completed with a sense of urgency and a follow up email of your daily/weekly progress is regularly sent to those requesting your assistance.
- Being proactive is a basic key to management; when given a task or project to complete be sure to keep the Grower informed of the timeline.
- Working with all greenhouse employees to become familiarized with specific jobs, improve efficiency and improve quality at the request of management team.
- Greenhouse logistics
- Reporting of maintenance concerns
- Ensure everyone is following the general operating policies and procedures
- Daily collection and testing of drip and drain water
- Complete daily samples of irrigation sanitation level
- Bi-weekly collection of water, leaf & plant samples for 3rd party analysis
- Support with scouting for pests and disease
- Assist with applying chemical treatments as necessary (upon successful completion of the Greenhouse Pesticide Safety course)
- Assist with implementation of cleanout/crop change plan
- Mapping greenhouse temperatures and irrigation differences
- Weekly status reporting

- Trial crop registration, harvesting, weighing and reporting
- Other duties and projects as assigned by management
- Ability to perform manual labor tasks
- Ability to work weekends

QUALIFICATIONS AND EDUCATION REQUIREMENTS

- Post Secondary Education related to greenhouse management, horticulture &/or agri-business

Applicant must have the ability to meet tight deadlines, work under pressure and have the following skills in order to qualify:

- Communication and interpersonal skills
- Time management skills
- Critical thinking skills
- Problem solving skills
- Microsoft Office (Word & Excel) proficiency
